## Girls Found 3 Miles Apart, Cold, Weary

# Rescue Team Brings 2 Girls Safely Home

By BILL WARK

Two Young Arcadia girls, stranded in the rugged terrain above the Arcadia Wilderness Park, were rescued early Thursday morning by members of the Sierra Madre Search and Rescue Team. Although the girls had started out together, they were found three miles

apart. One of the girls, Norma Jean Lassus, 15, of 232 Carolwood Dr., had managed to hang on to her perch on a high cliffside in Clamshell Canyon for ten hours until "Tuffy," the famed sturdy tracking bloodhound, led searchers to her. Her companion, Janice Weissman, 14, of 515 Arbolado Dr., was located in a narrow canyon high above the Big Santa Anita Dam. Both girls were shivering with cold when found.

The two girls had left their homes above the Wilderness Park early Wednesday morning to explore Clamshell Canyon. On the way up they had managed to scale three waterfalls but were afraid to go back. In an effort to get out of the canyon, Norma attempted to climb up the east wall and became stranded 170 feet above the canyon floor. Hearing her cries, Janice scrambled up the west wall and made it to a hill top. She called to her friend that she could see the valley and was going for help. It was 3 p.m. But she couldn't make her way down the narrow rugged canyons and kept going west.

"I didn't know a person could travel so far in desperation. I was very tired and started stumbling and I was so worried about Norma," she said. When darkness came, Janice sat down in a crevice, tired and lost. When the children failed to return at dark, Mrs. Ralph Lasser, Norma Jean's mother, called the Arcadia Police, who called the Search and Rescue Team at 7 p.m. The men were at a meeting checking their equipment when the call came.

Arriving at the Wilderness Park no one knew which canyon the girls had gone to explore. Mrs. Lasser brought a piece of Norma's clothing and with one whiff "Tuffy" picked up the scent and followed it into Clamshell Canyon.

Norma Jean was found at 1:05 a.m. With nylon ropes the men lowered her to safety and brought her from the canyon.

No one knew where Janice was.

## Sierra Madran Closes Career

Thomas K. Nielsen

Thomas K. Nielsen, 245 Sunnyside, Sierra Madre, recently closed a career with the California Water & Telephone Company which began in March, 1921.

This long term veteran of the telephone industry started his service with the Monrovia Telephone and Telegraph Company, which, with the Sierra Madre Telephone and Telegraph Company, were two of the predecessor companies to the present corporation.

Tom plans a return visit to Denmark, where he visited in 1961. In the meantime, in addition to travelling about in his camper, he intends to devote much of his time to his orchard, containing over 100 apple and other fruit trees on his 20 acre rancho near Wrightwood, California.

PRESIDENT OF THE Women's Auxiliary, Phyllis Bennet; president of Little League, Carl Bischoff, and vice president of Babe Ruth League, Bud Hartman, are witnessing the signing of the Proclamation by Mayor W. Webster Vannier, designating April 27 as official Baseball Day. Ceremonies will be held at Heasley Field on Saturday at 10 a.m.

## Father of the Year Award

# Mayor Vannier Proclaims April 27 Official Baseball Day

Mayor W. Webster Vannier has proclaimed April 27 as official Sierra Madre Baseball Day. The signing was witnessed by Babe Ruth vice president Bud Hartman;

Little League president Carl Bischoff, and Women's Auxiliary president Phyllis Bennet.

The proclamation reads as follows: Whereas, the Sierra Madre Baseball Association is a credit to our city; and whereas, baseball is the National Sport of these United States of America. Now, therefore, as Mayor of the City of Sierra Madre, I, W. Webster Vannier, do hereby proclaim this twenty-seventh day of April, one thousand, nine hundred and sixty-three "Sierra Madre Baseball Day".

This document sets the stage for the colorful opening day ceremony of the Sierra Madre Baseball Association at 10 a.m. in Sierra Vista Field. A full program of the exciting activities will be in next week's Sierra Madre News.

Highlights of the program will be the Booster Ticket drawings for the three day vacation to the Hotel Sahara and the 21 jewel wrist watch from Bryon C. Hopper; the presentation of "The Father of the Year" Award to the outstanding baseball father of the 1962 season by the Women's Auxiliary, and a speech concerning youth by Police Chief Gordon McMillan.

On display for the first time will be three beautiful perpetual trophies to be awarded the winning teams of the Minor, Little and Babe Ruth League at the end of the season by the Sierra Madre News.

Planning this colorful event are Phyllis Bennet, Nancy Throop, Tom Butch, Carl Bischoff, and Ray Shackelford. In addition to this immediate group, many months have been spent by other hard working people to make this day a success. The mothers of the boys playing baseball have conducted the Booster Ticket Sale to raise funds for the baseball program. Jayne Tyree, chairman of the event, especially wishes to express her gratitude to Alys Herold of the Sierra Printing and Mailing for her donation of 3500 tickets, and to the many boys who have gone out and sold more than their share. Final day of the drive was April 16 and results will be given at a later date.

Jeanette Austad, third vice president of the Women's Auxiliary and manager of the Heasley concession stand, has been busy getting ready to sell hot dogs, popcorn, soft drinks and hot chocolate at the opening day ceremony and throughout the season.

## Rummage Sale By Mariners

If you should spot some "sweet young things" this weekend parading the streets of Sierra Madre in what looks like their mother's clothes—or their little brother's—don't feel it impolite to stare.

They will be Girl Scouts, members of Sierra Madre's Sea Nymph Mariner troop out to attract attention to publicize their annual rummage sale Friday and Saturday in the building adjoining the Headliner.

The Sea Nymphs are virtually a Sierra Madre institution. Many of the original troop members have several children of their own now. The present group is composed of 9th through 12th graders. Mrs. Marge Peterson is their skipper, with Mrs. Verna Richter and Mrs. Myrt Waite as first mates. The troop will be happy to have you bring rummage to donate, or to come and buy.

## Has 21 Man Board

# Sierra Madre Institution Maps Out Future Policy

Jerry Asher Guides Financing

A constructive and fraternal meeting of investors from all over northeastern Los Angeles County convened at a private residence in Sierra Madre last week, and laid out a course of investment policy for 1963 and 1964. Purchase of additional real property in Orange County was carefully mapped out. Fiscal reports were circulated to the group, which included Harry Lange, Eugene Colbert, Willard Wilder, Jerry Asher (the treasurer), Douglas Delahouke, John Hahn, Emile Smith and Hugh Warden of Sierra Ma-

dre. Improvements have been made on the properties owned by the company in this town. The president of the Chamber of Commerce in Lomita, Dr. Warren Low, an experienced investor, appeared as a guest, and spoke on the fiscal results obtained by the directors of their group in Torrance.

The firm, incorporated as The Foothill Credit Co., has built here over the last nine years, and is composed of accountants, bankers, Army officers, insurance agents, contractors, real estate brokers, civil servants and sales managers.

Beginning with the purchase of deeds of trust for small sums, a number of years ago, its 21-man Board has diversified and accumulated over \$250,000 of assets. The group has a policy of buying nearly all of its supplies in Sierra Madre.

Opening night will be exclusively for Friends of the Library and for those wishing to obtain membership at the door, this is \$1. The Thursday evening sale will be held from 6 to 9 o'clock.

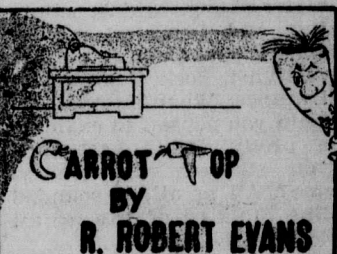

The open sale on Friday, April 26, is from 10 a.m. to 9 p.m., and on Saturday, April 27, from 10 a.m. to 6 p.m.

Mr. Ephraim Konigsberg, a book collector of Sierra Madre, has volunteered to help the committee to check through the books for rare editions. Mrs. Severin Sorensen, Mrs. Hugh Warden and Mrs. Selmer (Florence) Peterson are in charge of sorting the books as they arrive at the library.

Mr. Edward Verreaux's Girl Scout Troop No. 512 and Girl Scout Troop No. 511, with co-leaders, Mrs. Arthur Bohart and Mrs. Le Roy Toms, are responsible for the posters and book boxes placed around town.

Mrs. Sam Schwartz is leader of one group of Camp Fire Girls who are among the youth groups who have volunteered to bake cookies for the children at their book sale Saturday morning, April 27. In conjunction with the Saturday sale of children's books, there will be a program in the Children's Room of the Library, including artists workshop, and Mrs. Maudie Eshaphael will

CARROT TOP BY R. ROBERT EVANS

I was quite amazed at the last Council meeting when I learned that so many residents of Sewer District 75 claimed that they did not receive their "Legal Notice" on a subject that became of vital interest some nine months later.

Of course, these notices are sent out "First Class" mail with return for non-delivery and we know, like all humans, the Postal Service does make a mistake now and then, but when ten to fifteen hands were raised as non-recipients . . . well, I am just afraid they are not reading their mail.

This past week I noticed that the City again sent out notices to residents of a sewer district. This time in large red letters across the envelope was marked "Legal Notice." It is my hope that this letter is not filed in "file 13." Could mean a thousand-dollar bill to some property owners come several months hence.

Speaking about mistakes . . . we made the prize boo boo this last week when we announced the opening of the baseball season on April 20 . . . guess we were just anxious to get the season started for the boys. . . Actually, the opening day ceremonies and the start of the season is Saturday, April 27 . . . hope to see you around the diamond.

This reminds me of the day a very irate woman called us to tell us about the glaring error in that week's edition . . . she claimed we could not spell for "sour apples." Seems the headline for that week read something like this: "Council to Protect Ower Property."

Of course, many of us knew that it was the Charles Ower property the Council was going to protect. But this woman said that she refused to read the paper since we could not even spell the simple word "four" . . . I imagine she had a very red face when it was all explained to her. . . but then again, you just cannot win them all.

Each week we have the chance to make well over one million seven hundred and fifty thousand mistakes and we generally come up with a hundred or so. It certainly would be encouraging to know that each of us could maintain that standard of percentage of errors in the many encounters that we experience. . . There was only one perfect man and we celebrated his day last Sunday.

After the news of our very clever, and should I say, occult editor, I am filled with mixed emotions. For one thing, I can't remember whether or not he asked ME for an opinion on the elections, so I really can't lay any pseudo claim to fame by virtue of the fact that I helped. Would like to think of some way to latch on to part of the loot though, and I know if I asked him for a raise, he'd just make me a fifteenth vice president and I'd end up paying for my own sign.

Guess I'd better leave well enough alone and congratulate him. I had no idea, however, that I was working for such a scientific man. It's kind of like working for UNIVAC!

There were vacations all over the place last week. The one that intrigued me was a big push to the Colorado River to camp with a group of the local neighbors. Norman and Ginny White and their son, Greg, and their huge dog, Baron, were among the first to go up. They were joined by the E. Marshall Harris family, Madeline and their two children, Lee and Susie. There were George and Jane Holmes with Doug, Bob and Sara Anderson with Bob, Jim and Jane Smith with their son, Duncan, and Bryan and Jeane Proctor with their three children, Bob, Susie and Stewart.

They had the most wonderful time boating, fishing, water skiing, hiking, camping, and doing all the inspiring and peaceful things of living. Rock hunting, for instance. When is the last time you paused to examine a pretty stone? Last time you stubbed your toe on one? All in all, it sounded like the kind of trip we all could use.

The Charles Klingermans of Wynn Road left last Thursday noon for a long holiday up Mammoth way. In addition to their two children, Mark and Janice, they took Mike Russell and Rita Rogers along to enjoy the fun.

Tod Hoffman, son of Mr. and Mrs. Roy Hoffman of Crickwood Path in Kinne-loa Canyon had a unique birthday party last Saturday afternoon to celebrate his lofty age of six. His guests were beckoned to the party with Easter cards indicating there would be an Easter egg hunt. And hunt they did, with gusto. The ones they didn't find will be forever beyond the reach, because those young people really looked.

After all of that merriment, Mrs. Hoffman provid-

ed all of the wherewithal to have each child decorate his or her own cupcake. You would have had to see the results to have believed them. The children had a perfectly wonderful time and I am sure it will make up for the fact that Tod was one of the first in his group to lose his two front teeth! His guests were Sean Green, Ricky Simons, Kathy Simons, Linda Nolton, David Findley, Gary Nolton, Christy Schlegel, Eric Maurin and Bryan Pifelemer.

Happiness would be an inadequate word to use for the emotions that Mrs. Madeline Schmitt felt a week ago Sunday when her family gathered around her to celebrate her 70th birthday. It was a deep satisfying pride and gratitude. The party was held at the home of her daughter and son-in-law, Ben and Virginia Rogers, with their four children, Rita, Carol, Don and Jimmy, in close attendance. In addition, there were Mr. and Mrs. Dick Schmitt, Mr. Bob Schmitt, Miss Ann Schmitt, Mr. and Mrs. Charles Michener, Mr. and Mrs. Wilhelm Grafham, Mr. and Mrs. Harold Brown, Mr. and Mrs. Don Starrett, Mr. and Mrs. Ralph Paquette, Mrs. Helen Miller, Mrs. Jack Rogers, Miss Patty Schmitt and Dr. and Mrs. Ralph Rogers.

They presented Mrs. Schmitt with a multitude of personal gifts. The highlight of the day was the long distance call to the missing member of the group, Miss Sid (Madeline) Schmitt, who lives in Hawaii.

Mr. and Mrs. Clarence Kanak of Meyerloa Lane had their neighbors in for an Easter Brunch and Easter egg hunt for the children (?) and I always wonder who gets the most fun out of those hunts. There were Kieth and Kimmy Kanak, Mr. and Mrs. Albert A. Richards and Mr. and Mrs. Gene Burt with their son, Chris.

Rev. and Mrs. A. R. Gesswein of Sierra Madre Villa had their family all home together to celebrate with an Easter dinner. Sonja came home from Berkeley, where she is attending school. She had a friend from college as a guest, Joe Goodson. Dick and Carol also asked friends to join their family board for the occasion.

Down the beach way were the Dr. Rand Lewis family and the Howard Morgridge family.

We stayed home! Four anonymous young teen age boys had a very

## Three Miles of Roses

### Pageant of Roses Garden Reaching Its Spring Peak

Nearly a million rose blooms on thousands of rose bushes—including 90 new varieties in the famed "Pageant of Roses Garden"—are now on view at Rose Hills Memorial

Park, according to R. L. McNitt Jr., president.

McNitt announced yesterday that the main garden has been expanded to make room for many new rose varieties, so that there are now more than 4,000 rose bushes of 356 varieties on display.

He added that the blossoms also are reaching their first spring peak on the "Three Miles of Roses," the more than 2,000 climbing rose bushes bordering Rose Hills. This is the largest display of climbers in the Southland and contains some 60 varieties, including such well-known roses as High Noon, Golden Showers, Peace and Dainty Bess.

Two large areas have been added to the "Pageant of Roses Garden," which was first opened in the spring of 1959, McNitt said. The garden is open to the public free of charge every day of the year, and ample free parking is provided nearby. "At the upper end is an expansion of the shrub rose idea where the plants can grow big enough to use their natural beauty to better advantage," McNitt reported. "Also, some 300 bushes of 18 new miniature varieties and 30 plants of the three new pygmy rose varieties are being tested here for their landscape value."

The garden at Rose Hills has been designated as one of the American Rose Society's official test and display gardens, there being only 17 in the entire nation. It also is listed by the All-Year Club as one of Southern California's top attractions and is an official All-America Rose Selections Garden, so that each year's new All-America winners are on view there.

"John H. vanBarneveld, noted rosarian and Southwestern District Director of the American Rose Society, has developed our garden into an educational center," McNitt said. "Each rose bush has been placed to show home gardeners how it can be used best in landscaping, and he and his staff are happy to answer

special Easter due to the chance meeting with Walt and Thelma Wilkinson and Norman and Ginny White and son Greg of Old House Road.

Two miles off Crystal Cove near Laguna Beach, in their 23 foot ketch, Janel, the party rescued the boys bobbing around in the ocean, after their small boat had capsized, one of the boys couldn't swim. The rescue took 45 minutes and the very grateful boys were turned over to the Coast Guard.

questions on the use and care of roses and other plants."

Featured in the garden are more than 50 All-America Rose Selections winners. In other sections of the garden are beds of lavender roses, old-fashioned roses, miniature rose bushes and weeping rose trees with branches of flowers cascading from 6-foot-high trunks. The weeping roses are considered collector's items as the "Pageant of Roses Garden" is one of the few places in the United States where a group of weeping tree roses is on public display.

To provide a complete garden balance, many other plants, shrubs and trees, including camellias, azaleas, palms, cycads, olives, magnolias, sequoias and pines, have been included in the garden design.

Visitors also are invited to see the unusual indoor botanical plantings in the administration and mortuary buildings across from the garden, McNitt said.

## An Invitation to Visit the

## Pageant of Roses Garden

## Now in Full Bloom!

YOU and your family and friends are cordially invited to visit the Pageant of Roses Garden, now at its peak of loveliness. This display of nature's beauty will appeal to everyone.

NEW—ninety new rose varieties have been added to the garden, making 356 varieties on display. These range from All-American selections through climbers, tree roses, baby roses, Floribundas, Grandifloras, patented, historical and special strains. Supplementing the grand array of roses are many other lovely flowers, shrubs and trees. While you are at the Pageant of Roses Garden, be sure to see the miles of roses bordering Rose Hills Memorial Park. These, too, are in full bloom.

You can learn the "secrets" of rose care. All visitors can get the information at the convenient Garden Pavilion in the center of the Pageant of Roses Garden. Other worthwhile points of interest are the Chapels, Stained Glass Windows, Memorial, Masonic Shrines and the new Administration and Mortuary Buildings.

The Pageant of Roses Garden is open every day of the year during daylight hours. There is no charge for admission, and ample free parking is provided.

## Carol Lee Limbaugh Becomes Bride of George Randall Kuhl

In a candlelight ceremony before approximately 350 guests, Carol Lee Limbaugh became the bride of George Randall Kuhl at 8 p.m. on April 6.

Carol Lee is the daughter of Mr. and Mrs. LeRoy N. Limbaugh of 256 San Gabriel Court, Sierra Madre. Randall is the son of Mr. and Mrs. George A. Kuhl of 817 La Cadena, Arcadia.

Dr. Robert Schaper of the Bethany Church of Sierra Madre performed the ceremony. Mrs. Ernie Ricker was the organist accompanying Miss Eileen Tilford as she sang the lovely favorites, "I Love But Thee," "How Do I Love Thee" and "The Lord's Prayer."

The bride, given in marriage by her father, was lovely in her full length gown of Chantilly over peau de sole with bustle to chapel train. Her neckline was studded with pearls and sequins and pea de sole roses on the dress. A crown of teardrop pearls and crystals held her fingertip, three-tiered silk illusion veil. Her flowers were a full cascade of cattalaya and butterfly orchids.

The bride's sister, Miss Donna Lynn Limbaugh, was maid of honor and complemented the bride in a street length blue satin gown with a bell skirt and the bodice overlaid with lace. Her flowers were a cascade of green cymbidiums.

The bridesmaids were Miss Kris Kuhl, sister of the bridegroom, Miss Jean Oeti and Miss Susan Karalesk, all gowned identically to the maid of honor and each carried a French cascade of pink cymbidiums.

Karen Richter, in a pink frock and carrying elf pink roses, was the flower girl and David Dingham was the ring bearer.

Mrs. Limbaugh chose a melon Swiss sculptured sheath dress for her daughter's wedding and her flowers were champagne cymbidiums.

Mrs. Kuhl, mother of the bridegroom, wore a beige sheath and her flowers were two cattalaya orchids.

A reception held at the Bethany Church with champagne glass arrangements of white spiders, pink carnations and two large white

baskets of blue delphiniums, pink glads and white stock carrying out the color theme of pink, blue and white, was assisted by Mrs. A. G. Lunsford, Mrs. Ed Riggin and Miss Katie Littlejohn. The beautiful four-tier wedding cake had a clover design bottom layer.

For her going away outfit the bride chose a blue suit and gloves with black accessories and wore an orchid. The couple will spend a week in Palm Springs and then will be at home in Arcadia.

The bride, a music major, attended Sierra Madre Elementary School, Marshall Junior High, graduated from Pasadena High and attended Pasadena City College. She is presently employed at the Huntington Memorial Hospital.

The bridegroom is a graduate of Arcadia High, Pasadena City College and attended Los Angeles State. He is employed at the Naval Ordnance Test Station as a data reduction specialist.

## The PLAZA Shop Talk

By Sewall Clark

HAVE YOU ever wondered about words? I mean, when I say "mean" I really don't mean to be mean.

You catch? Good. So what did you catch? A ball? A cold? (Pardon me; it's always a "bad" cold.) Bless you! (Couldn't find correct spelling for "Gesundheit" until I followed by own advice: "Ask Trudie.") So you catch.

KETCH? That's a boat. Or pardon me again. I mean, when I say "mean" I really don't mean to be mean. Okay; a ship. Along with four other people I once took off for Hawaii in a 48-foot ketch and we didn't make it. I should know.

Hope this doesn't set or sit "too" hard "to" you, but looks up the word "set." Besides driving you crazy it may explain why you should say "sitting sun" instead of "setting sun."

YOU THINK you have troubles? Think of mankind throughout the world (meaning all of us) trying to communicate our true feelings. After that, refer to a little story about the "Tower of Babel."

Try to describe a sunset. Blue? Does "blue" mean sadness? Melancholy? Or do you mean the sky above a golden, green, yellow, purple, bronze, orange, pink-zebra striped?

You do? Then try to talk color to a man born blind. WORDS? Nothing but symbols, and sometimes very deceptive. When I worked for advertising agencies I became sickened by "Bargain." Aside from "love" it is the most abused word in this whole wide world. If you think "bargain" means "Something for Nothing" then you are cheating yourself.

WHAT is a bargain? I challenge you. Define it if you can. "High" quality at "low" cost? What kind of words are these?

Examine the word: "Honesty." And don't talk to me about "real" honesty. Honesty is honesty. It is either one hundred per cent or it is nothing.

THE ONLY "real" bargain is in the wearing. (Waddaya know, Joe — I think I finally invented a definition. Invented? That means "originate." Originate? Well, that could even mean having a baby.

You are? Come off it, mister. Maybe you'd better visit a psychiatrist — or Jim's and Mary Jane's "Youngland.")

### Mayor Vannier Proclaims April 27

and field manager. He, with the additional help of George Throop and Bert Embree recently installed a flag pole at Heasley Field to be used opening day and during the season. He also built the protective screen for the pitching machine, to be displayed and demonstrated on April 27.

The city of Sierra Madre also helped Mr. Collup complete his job by installing the out-field fence and additional protective screening at Heasley. Another big job Mr. Collup has is to distribute and organize the baseball equipment for the Little League. This year he received help from Earl La Lone and Peter Cowell.

What would all this equipment, baseball field, and food booth be without players? It is Jim Dunnagan's job as player agent for the Little League and Morris Larson's job as player agent for the Babe Ruth League to solve this problem.

Both men have conducted registration and try-outs to enlist the boys, and are very grateful to all the fathers who helped them during this period. Jim Dunnagan says he is especially appreciative of the help he received from Bill Bennett, Don

Stuart, Bob Collup and Claude Brown.

Morris Larson wishes to thank the Babe Ruth managers, Ray Shackelford, Bud Hartman and Chet Lighthizer for their assistance; in addition, he says that if there are still boys wishing to play to contact him at EL 5-9752. To be eligible for Babe Ruth League they must have reached their 13th birthday by Aug. 1.

Of course equipment, baseball fields, a food stand, and boys to play is not enough for a well-organized baseball program. For without men to lead and sponsors to help furnish the necessary funds, and team mothers to lend a hand where necessary, the whole organization would collapse.

A complete list of sponsors, managers and team mothers will be published in the next issue of the News.

The association asks the support of the people and businesses that support the association and provide the activity for 300 boys.

They also ask support of residents at the opening ceremonies and throughout the playing season by attendance at the game.

## Art Fair Planned By Friends of Sierra Madre Library For May 11-12

The Friends of the Sierra Madre Library, in an effort to sustain and stimulate the cultural interests of Sierra Madre, will present an Art Fair in Memorial Park on May 11 and 12.

Painting, sculpture and a diversity of crafts will be on exhibit and sale. Demonstrations in several disciplines will be given, and entertainment and refreshments will add to the excitement and color of the proceedings.

Sierra Madre was a strong community of artists and artisans who represent almost a full spectrum of endeavor. Painting, sculpture, weaving, glass workings, jewelry, ceramics and similar applied arts all hopefully will be represented at the fair. Primarily Sierra Madre artists will be encouraged to display their talents, but the door is not closed to those in surrounding communities.

Such monies as may be derived from the Art Fair are marked for a Community Room on the Library. The Friends feel there is an urgent need for such a room

where regular programs may be scheduled, programs such as art exhibits, art films, children's programs, forums, concerts and lectures which enrich our selves and our community.

The Friends hope that the Art Fair is received as a community enterprise. Its success will depend in large on the support of the merchants and good will of the citizenry of Sierra Madre. Hope is that the Art Fair can become an annual event, looked forward to by the entire San Gabriel Valley area.

## DICKENS FELLOWSHIP

Members of the Sierra Madre Chapter of the Dickens Fellowship will meet at the home of Mrs. Lolita Osborne, 165 E. Grand View Ave., Thursday, April 18 at 1:30 p.m. The group will read and discuss the last three chapters of "Pickwick Papers."

# Weekly Shades Of Hastings

by  
Margilly Rowzov  
EL 5-7736

Spring fever foments more than romance. The "Wanderlust Bug" which lies dormant during the winter months spreads its new horizons. Where else but in Southern California could these horizons include warm sun and sand dusted with happy sun-lovers; mountain slopes mantled in ermine capes and snow—flecked with skiers gliding over the sparkling folds; and where the rainbow is not in the skies but in the flowering deserts and low valleys? This panorama of seasons and color may all be seen in a day. Every year this country turns its face to the sun and, arrayed in all its glorious beauty, heralds another holy Easter season.

One of the families taking advantage of the week-long vacation is the Fairs. Merv and Esther, accompanied by their children, Debbie and David, enjoyed

a diversified and interesting trip. Yosemite was first on the agenda. The whole valley was a fairy-land of streams and waterfalls. In some places the snow was banked into eight foot high walls. At Badger Pass a four-inch snowfall surprised the family. The capital, Sacramento, was the next stop. David and Debbie found themselves back in school, for when they attended a session of the State Senate. They joined a tour of 7th and 8th grade students. During this tour they visited the Governor's office and met Lieutenant Governor Anderson. The historical and stately city of San Francisco was a must-see on the return trip. Our motorists were particularly impressed with the scenery of the Monterey Peninsula. The whole area was blanketed with California poppies—proving beyond a shadow of a doubt that this is truly the Golden

State.

We love to write about birthdays, especially when they're not ours. Carol Lynn, daughter of Mr. and Mrs. William Pankey, invited friends to a luncheon in honor of her seventh birthday. The guests had a lot of fun decorating Easter eggs and playing games. They were Ann Throop, Tomi Evans, Annie Robertson, Larry Bruce Brittell, Celia Aarand, Steven Baugh, and Joni Fletcher.

Pride Department: Today it's R. Robert Evans, Carrot Top that is, if you missed last week's paper get one. Our boy from Kansas came in winner over 625 other editors in California in predicting the accurate results of our last General Election. In this state where the political wind blows in all directions, this was no easy matter. But he did it, and we're proud! Congratulations!

How would you like to try this some week when you're not doing anything else? Ninety boys and girls from the Y-groups of Pasadena, South Pasadena, and La Canada jetted to Hawaii for a week's vacation. The well-chaperoned group stayed at the Waikikian Hotel and enjoyed beach parties, luaus, and tours. The Y-group of Hawaii were the hosts and hostesses for several of these junkets. Karin Robertson, daughter of Mr. and Mrs. Paul Robertson on Mayfair, was one of the lucky travelers.

Mr. and Mrs. Howard Heimbruch of Valley View have sold their home and are moving to Sierra Madre. Their new address will be 635 Edgeview Drive. We are sorry to see them leave, but are looking forward to meeting the new neighbors. Howard and Shirley are busy redecorating, and add-

ing a swimming pool to their new abode. Shirley's mother, Mrs. Helen Keisner (whose home they bought) will be at home at 995 W. Sierra Madre Blvd. We think it's nice that the family is still in the vicinity, and wish them much pleasure in their new home.

Bonnie Murphy's home was the meeting place for the Les Sequitas, workshop for the Hastings Ranch Guild for Cystic Fibrosis. Plans are being completed for the annual bridge luncheon sponsored by this group. This affair will take place on May 16, at the homes of Mary Lou Lieber and Christine Templar. Members are making up tables, and may be contacted for reservations.

The Malcolm Murison family spent Easter week with relatives and friends in Tucson, Arizona. John and Peg Wardlaw, and sons, Brian, Bruce, and Kirk, took to the woods for the holiday. They stayed at their cabin near Big Falls at Forest Home beyond Redlands.

Flash! It's taken a year

## Hastings Ranch Garden Club To Tour Studios

A tour of the Judson Studios in Highland Park is on the agenda when the Hastings Ranch Garden Club holds its monthly meeting Tuesday, April 23, at 10:30 a.m. Mr. Judson will address the group on "Stained Glass and Mosaics." Members will meet at 9:45 a.m. at the home of the president, Mrs. Norman Shanks, 3725 Canfield Road, and proceed to the studios. Luncheon at 12:30. Guests are invited.

## Local Winners of Tennis Contest

Two local (Sierra Madre) winners of the Recreation Department's Easter Vacation Tennis Tournament will play in the 15th Annual National Junior Parks Tennis Championships to be held at Arcadia, July 22 through July 28. There were 11 entries for this 2nd annual "Easter Vacation" Tennis tournament.

The winners and runners-up in their division are: Boys 14 and under singles—David C. Owell, 109 E. Grand View Ave. (Runner-up, Don Pennington).

Boys 12 and under singles—Nick Owen, 144 S. Hermosa. (Runner-up, Richard Cross).

The Sierra Madre Kiwanis Club again will present ribbons to the winners and runners-up and sponsor the winners' participation in the Arcadia tournament.

## Local Student Assists Director

Pamela Valois, freshman from Sierra Madre, is assisting Miss Phyllis Folwell, director of student activities, with plans for a new college center which will be designed to express the international flavor of the campus at Lewis and Clark College, Portland, Ore.

The center will provide for additional space for dining, recreation areas and office space for campus organizations. Miss Valois is majoring in dental hygiene. She was graduated from Pasadena High School in 1962 and is the daughter of Dr. and Mrs. Milton W. Valois, 520 E. Laurel.

for every letter in this "F.L.A.S.H." for the residents of Pepperhill to get action from City Hall. Five years ago these staunch and worthy citizens submitted a signed and sealed petition for "trees that grow" to be placed in the parking areas in lieu of the "bushes" that have NOT grown. In 12 years these shrubs grew 12 inches. There has been a noticeable lack of shade on Pepperhill, but, zounds, the city hath wrought a change. We would like to report there are now TREES growing in the parking areas.

The modern housewife is beset daily with many problems, large and small. One of the more aggravating and dampening experiences is that of the shower cap. Have you ever just returned from the hair stylist with only minutes to spare, turned on the shower, grabbed your shower cap, popped it on your head, and splash, splop, — your ten dollar hair do is now saturated with a cap-full of water. There must be a better answer to the storage problem of this all-important but accessory than the shower faucet, the towel rack (which is totally unsatisfactory) and/or the floor. There may be problems of a more earth-shattering nature, but there are few more demoralizing than the "shower-cap Caper." Surely among all the time-saver, space-saver, and work-saver inventions by our 20th century geniuses, there must be a gadget designed expressly for the preservation of this vital protection to glamour. Any helpful suggestions will be gratefully received by piqued, frustrated, and wet-headed shower takers.

## Oscar Willumsens' Visit Here

Mr. and Mrs. Oscar Willumsen, former Sierra Madre residents who lived on E. Highland Ave. from 1943 to 1955, were in Sierra Madre last week on business. They now live in Nomad Village, 4326 Calle Real, Santa Barbara, but miss their Sierra Madre friends. Mr. Willumsen is a retired jeweler and gemologist.

(but you'll have to do the dishes afterward!)

It's hard to beat fried chicken at home. But who wants to look at a sink full of dishes afterward? At Eatons you are treated like visiting royalty and the food is as good as mother ever made. A few reckless ones think it's even better! Have you had a good chicken dinner lately? We'd like to know what you think.

Announces  
Sunday Sermon

Times of services at the new Shepherd of the Hills Lutheran Church, 7 W. Foothill Blvd., Arcadia, are Sunday school at 9:15 a.m. and worship at 10:30 a.m.

Sermon of the Rev. Ray E. Hansen next Sunday, April 21, will be "Answers to Doubts" based on Mark's account of Thomas doubting the resurrection of Christ.

"There are modern Thomases who have honest doubts too about Christ," he said, "but for every doubt there is a certain answer. Doubting can lead to honest belief."

An informal class for new people desiring to know more about the Christian beliefs will begin at 8 p.m. Monday, April 29, at the new church.

Bethany Lutheran  
Theme For  
Sun., April 21

"He Blessed Him There," is the theme for the sermon at the 11 o'clock worship at Bethany Lutheran in East Pasadena. Rev. Niels Carlsen will continue with his series on the Old Testament lessons, preaching from Genesis 32:22-30, emphasizing man's need for power for the present rather than knowledge of the future.

On Wednesday evening at 7:30 a Bible Study and Prayer meeting will be held in the social hall. Friday evening, April 19, the men of the church will have their annual Father-Son Banquet, in the Social Hall.

### Bethany Church Notes

Eleven young people from Bethany Church were baptized last Sunday evening in a sacred ceremony conducted by Dr. Robert N. Schaper, pastor. Junior age youth participating in the ordinance included: Bobbie Proctor, Jon Treder, Lois Schilberg, and Enid and Jean Carruth. Bob Treder was the only junior high young person and Bill Treder, Jr., and Lane Jones represented the high school youth. Three college youth included: Darrell Clardy from Cal Poly at San Luis Obispo, Don Maas from UCLA and his brother Dick, now attending PCC. Each one had confessed their faith in Christ in an interview with the Pastor and then publicly stated this fact during the ceremony. The high school Chapel Choir, under the direction of Mr. Doug Coe presented a special number in song as part of the evening service.

Following the baptismal service, nine new members were welcomed into the church fellowship. They included three high school youth, Jane Knight, Margie Schaper and Lane Jones; two couples, Mr. and Mrs. Stan Schilberg and Mr. and Mrs. Doug Cone and two older ladies, Miss May Estby and Miss Eva McDowell. Dr. Schaper represented the congregation in extending to them a welcome and pronounced a blessing on each of them.

Mr. Bill Cook, a missionary who has recently returned from Central America, spoke last Wednesday evening, April 17, at the mid week service of the church. Mr. Cook has been associated with the "evangelism in depth" program conducted by the Latin American Mission in Guatemala. He related to the congregation in a most convincing manner, the impact of this program among the people of this tiny republic.

About 40 members of the Sunday school staff from Bethany will attend the Greater Los Angeles Sunday School Association (GLASS) Spring Rally at the Bethany Baptist Church in West Covina this Friday evening. This meeting will attract hundreds of Sunday School workers throughout Los Angeles, Orange and San Bernardino counties for the purpose of receiving new inspiration and ideas in conducting an effective Sunday school program. General superintendent, John Kershaw is organizing the group attendance from Bethany, and Pastor Schaper is to be one of the workshop leaders.

The Sunday services at Bethany Church this Sunday, April 21, will have Pastor Schaper preaching at the 11 worship service speaking on the subject, "The Plans of the Risen Christ." The public is cordially invited to attend any of the services at the church. Sunday school convenes at 9:30 a.m. and the Sunday evening youth fellowship group, Christian Endeavor at 6.

### Announces Sunday Services

"The Science of Prayer" will be discussed by Dr. Barnhart at the Santa Anita Church of Religious Science, 226 W. Colorado Blvd., Arcadia, Sunday morning, April 21, at both the 9 a.m. family worship service and the 11 a.m. worship service.

Dr. Ernest Holmes in the Science of Mind text book says "Prayer is not an act of overcoming God's reluctance, but should be an active acceptance of His Highest Willingness." Dr. Barnhart will discuss the steps by which we come into this active acceptance. There is child care at both services.

Junior Church with graded classes for children from first through eighth grades is held at 9 a.m. The Youth Activity is at 7:30 o'clock Sunday evening.

The Santa Anita Church Day School is presenting a summer session June 17 through July 12 for children from five through eight years of age.

The famous Mac Carden language and phonetic method of reading will be featured. There is limited enrollment. Please call HI 6-8206 for further information.

Wednesday morning April 17 at 10:30 a.m. Mrs. Anna Dozier will begin a series of lessons entitled "Reading the Bible with the lights turned on." Mrs. Dozier will conduct a tour through the Old Testament, highlighting the discoveries in old familiar passages and introducing men and women who are as real as next door neighbors, but who have be-

### Sermon For Sunday, April 21

This Biblical message will aim to give the proper perspective of doubts and to afford the wisdom to deal with them."

## Lobster House Unique Setting

The Lobster House, on Foothill Blvd. near Rosemead, is an ideal place to enjoy lunch or dinner. The setting is a large cabin salon aboard a sailing ship, developed in a most unique manner.

Fresh seafood, unloaded daily from the Castanoga fishing fleet, is served with such specialties as swordfish steak, barbecue shrimp, and "in a basket" scallops, sole, and shrimp and chips. Family groups like the Lobster House style of service, which reduces waiting to a minimum. A huge hatch cover shows the menu. After making a selection, you are seated and a waitress brings the dish to your table.

Hours are from 11 to 8:30 p.m., Friday and Saturday till 9. The Castanogas also operate Lobster Houses also in Ventura and Santa Monica.

## Rescue Team Brings

was. Norma said she had last heard from her at 3 p.m. when she called that she was going for help. And fears were growing for her safety. Ken Shirley of the County Sheriff's Department arrived with walkie talkies and offers of assistance. Ranger Ralph Shangraw and Woody Hieght of the U.S. Forest Service also arrived to help. The searchers were fanning out in groups of three and covering the canyons in an effort to locate the missing girl.

At 1:30 a.m. Fred and Edward La Lone were crossing the big Santa Anita Dam with a portable searchlight and a bullhorn which Fred kept calling out on, when they heard a faint response high in the canyon above them. Word flashed over the walkie talkie that Janice was found. Fred called to the girl to stay where she was. The Forest Service men drove the rescuers around the mountain to the upper Clamshell road where they descended into the canyon and brought the girl to her waiting parents in the Wilderness Park at 3:15 a.m.

## Shakespeare Club Flower Show

Tues., April 23

Jubilee Flower Show is the title chosen by the garden department of the Pasadena Shakespeare Club for its annual spring flower show to be held on Tuesday, April 23, in Stratford House. All members are urged to submit at least one entry. There are three main classes with 25 sub-classifications running from single specimens to potted plants, and including many choices for artistic arrangements. These should be placed no later than 10 a.m. Mrs. William T. Oates, director of the garden department, also announces the showing of a picture, "Famous Gardens of Europe," to be given at 11 a.m. in Shakespeare auditorium.

The bridge section will meet at 11 a.m. in Stratford House. Reservations for luncheon may be made with Mrs. A. Leonard Stevenson. Mrs. J. Kent Blanche is director.

## In Arizona For Easter Week

Sixteen members of the MYF high school group of the Sierra Madre Methodist Church spent their Easter vacation on a work-term project in Parker, Arizona. The actual work was done at the Colorado River Indian Reservation at Poston, Arizona, on Community Center buildings which were badly in need of repair. As Easter vacation came to a close, a tired but thrilled bunch of young people with their adult advisors returned home, evidencing the fact that teenagers today will give constructive service to others.

## Automobile Races

The Youth Hut area in Heasley Field will take on the flavor of Indianapolis Speedway—on a junior scale—on Saturday morning of April 20. Eighty Cub Scouts and their fathers, representing Sierra Madre Pack 374, will sign in at "Gasoline Alley" and will ready themselves for a full-scale morning of automobile racing. Even though these 10-inch scale model cars will only have the pull of gravity in the "horsepower" department, don't be surprised if the race meet begins with the starter announcing, "Gentlemen, start your engines!"

## National Library Week

"Never in Godde's Wourld will there be bookes enuf." Thus wrote the forgotten Scot poet, Jamie Fulerton, in 1643.

Untold millions of books have been published since Jamie Fulerton died and was laid to rest in an Edinburgh cemetery. Many have disappeared into limbo. But innumerable others remain, and have their honored, useful place in the libraries of the world.

During the April 21-27 period we will observe National Library Week. No institution can be more deserving of such an honor. For a library is, in the full sense of the word, a monument to civilization — to its tragedies and triumphs, its disasters and its victories, and, above all, what men have felt and managed to put down in words of prose and poetry.

A world without books would be the emptiest of worlds. And the man or woman who does not read — and read seriously — is missing, tragically and unnecessarily, one of the greatest of human needs and pleasures.

## Are We Worthy?

A number of thoughtful commentators have written of a disturbing and dangerous element which seems to have entered American life. It is not easy to pinpoint or describe. Perhaps the best word for it is apathy, which has led to attitudes of drift and disinterest, and to a failure of individual pride and responsibility.

It is found, in varying degree, in every area of large affairs. The gravity of the present world situation, measured by the gains of the Soviets and the positions of so-called neutral nations, whose leanings are almost always pro-Soviet, could only be exceeded by all-out war. Day after day the newspapers, the radio and television tell the story. Yet the number of Americans who feel a deep concern, and a profound sense of national purpose, seems dimly small.

We tend to take a cynical, "what-of-it" attitude toward politics — in the face of the fact that politics is the art of government and that the courses and choices of the politicians in power will largely determine what kind of land and world our children, to say nothing of ourselves, will live in.

And, beyond doubt, we have drifted, knowingly and unknowingly, toward a Welfare State in which, ultimately, the masses of people become faceless numbers.

One thing can be said for the Soviets — at least, for those Soviets whose policies and decisions count. They are supremely dedicated men and women. They regard their system with a religious zealotry. They know what they want — which is world domination — and they are convinced they know how to get it. They are willing to change tactics and strategy and timing when risks and situation make that necessary, but they never lose sight of the goal.

The American goal is supposed to be freedom, individualism, the dignity and worth of man. Are we worthy of it, and are we pursuing it?

## A Shocker!

A bulletin from the American Retail Federation has this to say about the tangled tax situation: "In the event you haven't seen the President's request for appropriations, it is a shocker! He has asked for a total of 107.9 billion dollars, which, incidentally, is an increase of about 34 per cent in two years over the earliest 1962 appropriations request."

"To pay for this astounding expenditure, we must then look at anticipated income. This is estimated at 87 billion dollars, and neglects to mention that if the tax reduction bill is passed, this figure could be cut from 10 to 13 billion dollars! Thus, there is a distinct possibility that this year's proposed expenditures could exceed receipts by as much as 36 billion dollars, if approved by Congress as requested and if tax reductions as requested are approved."

The interest of a major retail organization in this program is evident. Deficits of the size which are possible could hardly help but lead to new waves of price inflation, perhaps of unprecedented size, scope, and speed. The effect of that on retail trade is, to put it mildly, grim. But, far more important is the effect on the citizen and consumer. Incomes, with comparatively few exceptions, always lag behind price increases. And the effect on people who must live on fixed incomes, such as the retired, can be fairly described as murderous.

There is a strongly supported feeling in Congress that, to compensate for needed tax reduction, expenditures must be cut by as much as \$15 billion. This, say fiscal authorities, can be done without eliminating any really essential governmental function. Anyone who pays taxes, owns a home, life insurance, or has savings of any kind — and that means all of us — faces the choice of doing everything possible to help stem public spending or suffer eventual loss of economic, and in all likelihood, political independence.

Waterville, Wn., Empire-Press: "Perhaps our most republican form of government we have in this country is county government. It is a government that is closest to the people where, if they only knew and took interest, they have the most control. The role of county government is limited; the negotiations and deliberations of the Commissioners are open to the public. They are, however, restricted in action by state statutes. On matters of welfare, highway moneys, education and federal aid they have but little control. The trend, unfortunately, is toward more centralization. This was brought about by the federal and state governments usurping their sources of revenue and attaching strings to federal and state aid, matching moneys.

## Freedom At Any Price

by Henry V. Witty

Thomas Jefferson told a young America: "I am for government that is rigorously frugal and simple, and not for one that multiplies offices to make partisans, that is to get votes, and by every device increases the public debt under the guise of being a public benefit."

In 1963, Tax Freedom Day will arrive at 1:05 p.m. on Monday, April 22. Until that moment, you work full time for the government. All your earnings go to pay local, state and Federal taxes. Only after that can you spend the money you make for yourself and your family.

To put it another way, you toil two hours and 26 minutes of each eight hour working day, all year long, just to pay taxes. This calculation is based upon impartial tax studies which show that 30.4 percent of the net national product will be needed for tax payments in 1963.

According to the National Committee For Economic Freedom, there are well over 700 federal corporate activities which exist without any pretense of constitutional authority. These federal corporate activities have taken over 40 percent of the land area and 20 percent of the industrial capacity of the nation. To pay their losses and hidden costs they consume, directly and indirectly, more than one-half the total income of government."

The Liberty Amendment has been introduced into the U.S. Congress by the Honorable James B. Utt, of California. Its purpose is to outlaw federal corporate competition with private enterprise and to repeal the 16th or income tax amendment.

Section 1 of the Liberty Amendment states: "The Government of the United States shall not engage in any business, professional, commercial, financial or industrial enterprise except as specified in the Constitution."

Section 4 states: "Three years after the ratification of this amendment the sixteenth article of amendments to the Constitution of the United States shall stand repealed and thereafter Congress shall not levy taxes on personal income, estates, and/or gifts."

Six states have approved this amendment (Georgia, South Carolina, Louisiana, Texas, Nevada and Wyoming) and it is pending in the legislature of several other states, including California.

One Congressman asked the following question of his constituents: "Elimination of government agencies competing with private enterprise would decrease the budget needs of the government by approximately \$40 billion annually. Furthermore, proceeds from the sale of the assets of the agencies (the assets would be disposed of over a reasonable period of time) could be used to reduce the national debt — \$262 billion is the estimated value of the assets. Do you think I should support the liberty amendment?"

"The response was yes, 73.7 percent; no, 13.5 percent; no opinion, 12.8 percent."

According to Human Events: "Many people angrily vote against a school bond issue that will add \$5 or \$10 a year to their tax bill and register indignation at a proposed increase of one percent in the state sales tax — which might cost them \$15 to \$25 a year — yet make no protest about their federal income tax bill which may take \$500 a year — or more — from them. They are passive about Uncle Sam's collection because THE MONEY NEVER GETS INTO THEIR HANDS."

Although few people realize it, the record shows that 84 percent of personal income taxes collected are from the vast middle and low income class paying 20 percent.

## Letters To The Editor...

Dear Sir:

The sabotage of remaining electric trolley lines in Los Angeles reveals brutal disregard for transit patrons and for the needs of a great city. This act by MTA accomplishes the objectives of predatory motordom better than by MTA's predecessor hirelings of said motordom.

The conversion of former City of Angels into a World Asylum for Motor Maniacs is now complete. Thanks to MTA, electric rapid transit is thoroughly discredited. We have our 1,000-square-mile traffic jungle, free from transportation.

With mission accomplished, there is no more need for a Transit Authority. On behalf of motordom, MTA officials have earned a free, one-way ride to Detroit on one of their cattle trucks. At any rate, it is high time to throw the rascals out!

Mr. Deutsch and his family came to Sierra Madre about the time of the big boom, and started a cigar factory which at one time was an important industry.

As before, his job consists of drilling and shooting oil wells in the vast North Borneo fields of the Royal Dutch Shell Company. While at Miri the Wammocks plan to visit Java and Hong Kong. They will return home by way of England.

Little Joyce Lange, daughter of Mr. and Mrs. Harry Lange, celebrated her fourth birthday Wednesday with a party at her home, 154 E. Sierra Madre Blvd. Seven small guests played games throughout the afternoon and each one was given a balloon. A large lighted birthday cake, presented by her great, great uncle, George Lange, who is visiting her from Iowa, was the feature of the lunch served at the close of the afternoon by her mother. Joyce's guests were Georgianna and Rosanna Bissell, Deloss McLaughlin, Bobby Cullum, Gerald Perry and Lita Anne Crowe.

### American Legion Auxiliary Names Essay Winners

Every year, the American Legion Auxiliary sponsors an Americanism Essay Contest. Subjects this year were: "The Pledge of Allegiance and Me" for the 4th, 5th and 6th grades, and "The Meaning of the Mount Rushmore Memorial" for 7th, 8th and 9th grades.

Participating in this contest was the St. Rita's Parochial School. Judges were Miss Elizabeth Steinberger, retired school principal; Rev. Clinton Swengel, pastor of the Sierra Madre Methodist Church, and Charles Milton, employee of Los Angeles County.

Americanism Chairman Mrs. Nancy Milton announced the following winners:

"The Pledge of Allegiance and Me":

1st prize, \$3.00—Kenneth Ripple, age 12, grade 6B.

2nd prize, \$2.00—Victoria Mikity, age 12, grade 6B.

3rd prize, \$1.00—Steven Karnowski, age 11, grade 6B.

"The Meaning of the Mt. Rushmore Memorial":

1st prize, \$3.00—Laura Driscoll, age 13.

2nd prize, \$2.00—Robert Rios, age 14.

3rd prize, \$1.00—Taylor Robertson, age 13.

The above subject was of especial interest inasmuch as Gutzon Borglum, the famous sculptor of Mt. Rushmore, had his studio here on Manzanita Ave. in the early 90's.

### Mt. Alverno Guild Meets Wednesday

We are told that gentlemen prefer blonds. A unique opportunity to test the truth of this statement is being offered to six ladies at Mt. Luncheon will be served at 12 noon in Holy Angels' Cafeteria by Mrs. Christopher Pocino, chairman, and her committee, Meses. James Brock, Paul C. Byrne Jr., John Carnahan, Robert Castelan, John L. Clymer, Fred Ganson, John C. Gyongyos, Francis Herbelin, J. R. Lyons, James Piscitelli, H. C. Platz, Albert Porreca, Roy Ramsell, Joseph Rue, Paul Simone, George Stucka, Donald Walsh and Paul Wood.

Miss Osterman, who resides in Santa Cruz, has attended Santa Cruz schools and presently attends Sequel High School in Santa Cruz.

"The Road Ahead" will be the subject of the address to be given the Arcadia Republican Women's Club by Rus Walton at its April 18 meeting at 10:15 a.m. at Eaton's Restaurant.

His association with the Republican Party's work began some 20 years ago in his native New Jersey and since World War II he has been active in California Republican circles where he is a member of the state GOP Central Committee and vice-chairman of the Santa Clara County Central Committee and chairman of that body's planning board.

During the business meeting of the club, Mrs. Edward Heiss will report on the recent meeting of the Arcadia Community Coordinating Council which heard three speakers from the Arcadia and Los Angeles police department's detective detail on the subject of teen-age drinking and related problems in the Arcadia area.

Mrs. Robert Gray, club president, urges all members and interested persons to make reservations with Mrs. C. O. Porter for the meeting and luncheon or for just the meeting, phone HI 7-5418.

## CITY ADMINISTRATION

For Their Selection of City Employees

Just recently it was necessary for the City of Sierra Madre to do some very extensive work on our street, and more particularly in front of our house at 22 West Carter.

The streets in front of our home were torn up in such a condition that the pick up of garbage was impossible unless it was delivered on the other side of the ditches.

My wife, at home by herself, attempted to carry the garbage cans across the ditches for the collectors.

A city employee, seeing her plight, stopped his work and offered his assistance to her. He not only carried the cans across the ditch but waited until they were emptied and carried them back across.

Both my wife and I give our utmost thanks and appreciation for this courtesy. It is indeed a reflection on all city employees and a definite reflection on our City Administration.

Our sincere thanks,

Mr. and Mrs. Charles Ower

GWEN BECKER

GWEN BECKER, another one of the outstanding employees of Roess Market, who is seldom seen, but greatly appreciated by all wholesalers, as she is the one that makes it a point to see that they are completely satisfied in the accounts payable department. Gwen is also the "heart's desire" of all the employees at Roess Market, as she takes care of the entire payroll of the store. As David Roess states "she is a jewel"; she counts and deposits all the receipts, and does a thousand little details that would take many hours of personnel time.

Handling hundreds of phone calls daily, in her spare time she takes care of the thousands and thousands of coupons coming into the store. She counts them, separates and mails them to the various companies for redemption.

In the personality field, Gwen is "tops," always a kind word for those that come in contact with her. Gwen is indeed a valuable employee having been with the Roess Market well over a year.
